## in South West Surrey

Dear Voter,

The Tories are preparing to sell us out again over Europe, as they have always done. Jeremy Hunt called for a second referendum, but I will work for the clean Brexit that the country voted for - not to remain "half-in and half-out". Every vote for UKIP will add pressure to the government to deliver this. I want lower taxes, an enterprise economy and more individual freedom while ensuring that essential services such as the NHS, police and defence are funded properly - by shrinking other unnecessary parts of government.

Yours sincerely, Mark Webber

# Don't trust Theresa

## OUT OF CONTROL IMMIGRATION

Theresa May completely failed to control immigration as Home Secretary and since she's been in government net migration has risen by more than 1.8 million people.

## WASTING YOUR MONEY ON FOREIGN AID

She is fully committed to bingeing £14 billion a year of your money on so-called foreign 'aid'.

## EUROPEAN COURT OF HUMAN RIGHTS

The Tories have U-turned on their pledge to scrap the hated ECHR. It currently stops us deporting criminals and terrorists and even makes us pay them compensation.

## BRITAIN'S FISHING WATERS

She won't commit to protecting our fishermen from future Brussels controls.

## NHS AND SOCIAL CARE CRISIS

Since 2010, May's Tories have paid £50 billion of EU membership fees.

This money should have employed tens of thousands of nurses and carers in our NHS.

## OUR NATIONAL SECURITY UNDERMINED

The police have been cut by 20,000 officers and armed forces by 30,000 since 2010.

**While Labour self-destructs and the Lib Dems sell us out to the EU, only UKIP will fight to get the best deal for our nation's future. Please, don't be fooled again by Theresa's Tories.**
